# WHAT IS A UNIVERSITY FOUNDATION PROGRAMME?

The University Foundation Programme (UFP) is a pre-university qualification specially designed to prepare international students to enter well-recognized international universities. As Galaxy International School, we offer a one-year (three-term) option starting in September and in January in Accra.

The UFP is equivalent to GCE A-Levels and the International Baccalaureate (IB). It is designed primarily for international students aged 16+ and want to study at the USA, the UK, Canada, Australia and New Zealand. The course bridges the gap between the different international education systems and the sixth form education of the UK. The programme provides you with an important base, ready to build on at university, and allows you to learn at a detailed and challenging level.

Our students benefit from high-quality teaching and pastoral support that prepare them very effectively for the next stages of their education. In addition to developing your English language and academic skills, it allows you to pursue the desired degree at university. There is also a significant amount of coursework which contributes to your final grade.

The programme is designed in conjunction with academics from top universities to ensure that it consistently meets the expectations of leading universities in five English speaking countries. We offer four different pathways tailored to meet students' academic needs:

- Business and Finance
- Humanities, Law and Social Sciences
- Engineering and Computing
- Architecture and Design

# FREQUENTLY ASKED QUESTIONS

## How do I apply to University Foundation Programme?

Please visit our website [www.galaxy.edu.gh](http://www.galaxy.edu.gh) to fill out an application form.

## I am interested in your programme. But a friend of mine is outside of Accra and he'd like to have the courses online. Is it possible?

We have an agreement with North London Grammar School and we can arrange the same programme online as well.

## Can I apply to more than one Foundation Course?

You should choose the Foundation course based on the degree you want to study. You can only submit one application for Foundation course.

## Is there a minimum age for submission?

Yes, you must be aged 16 or over by the start of the academic year of the course.

*Please note you can be under 16 years at the time of application.*

We will need to see an evidence that you have a good standard of English. This may include:

- GCSE in English language (grade C) or equivalent.
- Proof that you spent three years at a secondary school taught only in English.
- A proficiency test, like IELTS, passed within the last three years.

If you don't have this evidence but believe you can meet the standard, we may still consider your case by taking you to Oxford Online Placement Test.

*The Oxford Online Placement Test (OOPT) is a standardized test from Oxford University Press. The test can verify your English level in an hour. The test has two parts - writing and listening comprehension. When you take the test, you will receive a rating that is based on the Common European Framework of Reference for Languages (CEFR).*
